The nonadherent dressing that doesn't stick to your shelves
Vaseline® Sterile Petrolatum Gauze U.S.P. has the sales impetus that comes from steady physician recommendations. Because it's what they use in their hospitals, clinics, and offices, your physicians will recommend 'Vaseline' Sterile Petrolatum Gauze when the patient or somebody in the patient's family is to apply a dressing himself — for instance, in the home care of a colostomy or a chronic leg ulcer.
For steady, profitable repeat business, stock 'Vaseline' Sterile Petrolatum Gauze. You can expect the new size, 3" x 3" pads which may also be opened for use as 3" x 9" strips, to be especially popular. Other sizes in demand are the 1" x 36" and 3" x 18" dressings.
